## Transfer Options

### 1) Fintiba Transfer

With Fintiba Transfer we can offer you a fast local currency transfer without expensive exchange rates or additional transfer fees. Find out more in your Fintiba app under **Fintiba Transfer**.

### 2) Regular International Bank Transfer

Send your money via a regular international bank transfer. However, this is often more expensive and takes more time.

## Important Information

- 1) The "Amount to transfer" (total amount + initial fee + EUR 100,00) contains a buffer deposit of EUR 100,00. This is a measure to issue your blocking confirmation quickly and avoid inconveniences from potential deductions of fees for international money transfers by intermediary banks. A detailed calculation of the "Amount to Transfer" is provided on the next page for your convenience. The buffer is **NOT** a Fintiba fee - you will receive the (remaining) amount from the buffer deposit with your first payout.
- 2) Please do not send more than the maximum deposit amount stated above. For amounts exceeding this limit, additional documentation verifying the source of funds in German or English is required to process the transaction. In this case, a blocking confirmation can only be issued after clarification. Sutor Bank reserves the right to return the exceeding amount (additional charges may apply).
- 3) If you deposit your blocked amount in more than 3 transfers, we may need additional documentation about the source of funds in German or English. In such a case, similar measures as in 2) apply, and Sutor Bank reserves the right to return the amount.

## Detailed Calculation

Duration of blocked account	12
Monthly blocked amount	x € 992.00
<b>Total blocked amount</b>	= € 11904.00
